Option	CPU (Processor)	RAM	Hard Drive	Display	GPU (Video)
Minimum	Core i7	16GB	256GB	13"	2GB VRAM
Recommended	Core i7	16GB	512GB	15"	4GB VRAM

**NOTE:** iPads are NOT suitable for Senior School

**SECURITY SOFTWARE**

Pacific Lutheran College recommends that every computing device has some form of security software / application installed. Security products are available from a variety of software suppliers, many of which offer multi-device packages at discounted prices. At a minimum, we require that the free *Windows Defender* (included with Windows 10), or *Avira* or *Avast* anti-virus software programs (Windows & Mac) be installed on all applicable devices. We also recommend installation of an anti-malware program such as *Malwarebytes* which is available as a free download (Windows & Mac).
