

2022 BYO Device Specifications

Junior College Device Specifications

Option	Processor (CPU)	Memory (RAM)	Storage (HDD/SSD)	Display Size / Type
Minimum	Intel m3 / AMD R3	4GB	128GB	11"
Recommended	Intel i3 / AMD R3	8GB	128GB	11" Touch with Pen support

iPad minis are NOT supported.

Middle College Device Specifications

Option	Processor (CPU)	Memory (RAM)	Storage (HDD/SSD)	Display Size / Type
Minimum	Intel i3 / AMD R3	8GB	Windows 128GB MacOS 256GB	11"
Recommended	Intel i5 / AMD R5	8GB	256GB	13" Touch with Pen support

iPads are NOT suitable as a student's only computing device for Middle College.

Additional minimum storage for MacOS required for "BootCamp" to support Windows-only software.

MacOS devices with "Apple Silicon" (M1) processors are not supported due to Windows-only software.

Device Support

Chromebooks (laptops or tablets) running Chrome OS are NOT supported.

Linux based Operating Systems (eg. Ubuntu) are not supported.

All primary devices must have physical keyboards – on-screen keyboards alone are not sufficient.

Security Software

Pacific Lutheran College recommends that every computing device has some form of security software / application installed. Security products are available from a variety of software suppliers, many of which offer multi-device packages at discounted prices. At a minimum, we require a free Antivirus application such as *Windows Defender* (included with Windows 10), *Sophos*, *Avira*, or *Bitdefender* (Windows & Mac) be installed on all applicable devices. We also recommend installation of an anti-malware program such as *Malwarebytes* which is available as a free download (Windows & Mac).

2022 BYO Device Specifications (Cont'd)

Senior College Device Specifications – Excluding Digital Solutions

Option	Processor (CPU)	Memory (RAM)	Storage (HDD/SSD)	Display Size / Type
Minimum	Intel i3 / AMD R3	8GB	256GB	11"
Recommended	Intel i5 / AMD R5	16GB	256GB	13" Touch with Pen support

iPads are NOT supported for Senior College.

Senior College Device Specifications for Digital Solutions

Option	Processor (CPU)	Memory (RAM)	Storage (HDD/SSD)	Display Size / Type
Minimum	Intel i7 / AMD R7	16GB	256GB	13" with 2GB Graphics card
Recommended	Intel i7 / AMD R7	16GB	512GB	15" with 4GB Graphics card

iPads are NOT supported for Digital Solutions.

MacOS devices with "Apple Silicon" (M1) processors are not supported due to Windows-only software.
