

## 2023 Student BYO or Lease Device Agreement Form

There are two device leasing options provided by the College, with the specifications and leasing terms indicated below:

College Options	Device	Specifications	Cost
Device Option 1	HP ProBook X360 11e (recommended for Junior College)	Core i3 CPU 8GB RAM, 128GB SSD, 11.6" HD Touchscreen, Dual Web Camera, Active Pen, WiFi 6, Bluetooth 5 Laptop bag	\$110 per Term over 3 years (12 payments)
Device Option 2	HP ProBook X360 435 (recommended for Middle or Senior College) Not suitable for Senior Digital Solutions	Core R5 CPU 16GB RAM, 256GB SSD, 13.3" FHD Touchscreen, Dual Web Camera, Active Pen, WiFi 6, Bluetooth 5 Laptop bag	\$135 per term over 3 years (12 payments)

Devices leased through the school program will be covered by extended warranty and accidental damage insurance (ADP). Insurance provides for repair of unintentional accidental damage caused by drops, falls or collisions, liquid spilled on or into the device, and damage caused by power surge. The insurance terms provide for a maximum of three claims over the three-year lease period with zero-dollar excess charge.

The insurance program does not cover these devices for theft and/or loss. Insurance cover for theft and/or loss of devices is the responsibility of the leasing family. Please check with your own insurance provider about the Terms and Conditions of device coverage for theft and/or loss. Please note that should the device be lost or stolen whilst in your care, families are responsible for the full cost of repair or replacement of the device where insurance cover is denied or has not been arranged.

At the conclusion of the lease, families will be charged a nominal release fee (less than \$10) to meet the College's legal Tax obligations, and ownership of the device transfers to the family. At this time insurance and any required repair costs become the family's responsibility.

In the event that a family with an existing leased device ceases enrolment at Pacific Lutheran College, the leasing family may surrender the device to the College without further charge provided that device (including all accessories) is returned in serviceable condition, or the family may payout the remaining lease cost (as determined by the Business Office) and retain ownership of the device.

Please complete one copy of the following PARENT PERMISSION SECTION page for **each** student enrolled at the College for 2023.

## Parent Permission Section

To be completed and returned by reply email as soon as possible.

Please select **ONE** of the following options:

I plan to provide my own device and acknowledge that device will meet the minimum requirements as detailed in the 2023 BYO Device Specification.

I plan to commence a Pacific Lutheran College device lease program for 2023 and acknowledge that I will be billed each term in our PLC fees for the chosen device.

I plan to continue with my existing device lease agreement in 2023.

### STUDENT DETAILS

Student Name:

Year Level in 2023:

Please select **ONE** of the following options if **COMMENCING** a new College device lease program:

Device Option 1: HP ProBook X360 11e (\$110 per Term over 3 years)

Device Option 2: HP ProBook X360 435 (\$135 per Term over 3 years)

Please tick **ALL** boxes in this section if **COMMENCING** a new College device lease program:

I have read and understand the conditions of the agreement and choose to lease a device from Pacific Lutheran College for my student.

I have read and understand the financial responsibilities and liabilities as indicated within this document.

I understand that I must advise the College **in writing** if I wish to alter or rescind this agreement.
