

Introducing our 2016 OCEANfest Carnivale Partner - Newwave Orthodontics

Newwave Orthodontics aspires to create beautiful smiles for their patients, in a warm, comfortable and friendly environment. Newwave Orthodontics is at the forefront of orthodontics, using scientific evidence and an artistic approach to create beautiful fully functioning smiles. Dr Peter Miles is a qualified specialist in orthodontics and renowned as a leader in his field.

Background...

Dr Peter Miles was born in Gympie and later moved to Caloundra where his father was the first principal of Caloundra State High School. He then attended Brisbane State High School and enrolled in the University of Queensland's Bachelor of Dental Science, before graduating with honours in 1985. To become a registered specialist orthodontist, Dr Miles then attended the orthodontic program at the University of Pittsburgh achieving his Certificate of Orthodontics and Masters of Dental Science in 1994, graduating first in his class.

Present...

Dr Miles is a member of the Australian Society of Orthodontics, the American Association of Orthodontics and is certified by the Australian Orthodontic board. In addition to his full time orthodontic practice, Dr Miles teaches future orthodontists at the University of Queensland, the University of Sydney and Seton Hill University in the USA and is involved in orthodontic research. When not practicing orthodontics, Dr Miles enjoys spending time with his family, water skiing and keeping fit and healthy.

Dr Miles has published over 40 research papers and book chapters and has been invited to lecture around the world. He has also published an orthodontic textbook titled Evidence Based Clinical Orthodontics where Dr Miles worked on the book as an editor and an author of several chapters.

Children's Orthodontics—When to see the Orthodontist...

It is recommended your child receives their first orthodontic examination between the ages of 6-10 years of age. This allows Dr Miles to assess and diagnose any orthodontic issues before they become problematic, and allows your child to undergo the treatment they need while their teeth and jaws are still developing.

At Newwave Orthodontics we are proud to be a platinum elite provider of one of the most popular treatments in orthodontics: Invisalign. Perfect for teens and adults, Invisalign is more comfortable and lifestyle-friendly than other traditional treatments.

Please call our office today to book your complimentary consultation appointment and meet our friendly, experienced team.
