

PACIFIC SOCCER UPDATE (August 16, 2018)

Bunnings Kawana BBQ

On Saturday we ran a BBQ at Kawana Bunnings. This is a great way to raise funds for our club. It means we can direct the monies towards uniforms or coaching for the kids. We would like to run this often, maybe twice a year, but we need more helpers. We only had 5 volunteers on Saturday. Thanks a lot to all that did help on the day, we really appreciate your efforts.

End of Season Presentation Day – Sunday 9th September (Kawana Indoor Sports)

Please make sure you all RSVP (yes or no) to our Presentation Day. We have to do some major planning and we must know how many people are coming along. It will be a great day with heaps of fun and activities. Please contact your manager or contact the club. If you do not RSVP, you will have to pay on the day.

Pacific FC and PLC Netball Joint Day and Rooball Carnival – Saturday 25th August

We have a massive weekend coming up on Saturday 25th August. Not only are we sharing the day with PLC Netball but we are also hosting the U8 Rooball Carnival.

There will be lots of activity (and building works) so we look forward to a great day. We will have 2 canteens and a coffee van on site. We will need lots of volunteers, so please contact your manager, and we will also send out a canteen roster. We know that some teams are not playing at PLC but for our club to be successful, we need volunteers for these types of days.

U10 Jewelfish

The Jewelfish travelled to Mudjimba to play against Buderim Cyclones. Due to a few issues, we had 3 players missing, and could only raise 1 substitute player from another team – Will Moffit from Barracudas.

That meant we only had 8 players in total, thus we played the whole game 1 player short.

It was quite warm, around 24 degrees, without any real breeze to cool the kids down.

However, the toughest conditions bring out the best in some teams, and today was one of those.

I could not be more proud of the effort the kids put in. Everyone did their bit, no one player stood out over another, two different kids put their body on the line as goalie and all of them did whatever they could to play as a team and look out for each other with passing and supporting.

Buderim scored 1 goal in the first half, after Katie had just missed scoring for us, by hitting the post. We were disappointed but not down or out. Chloe (coughing and sneezing) and Will protected the back end along with Mason as goalie, Grace, Alex and Austin in midfield ran up and back as needed, tackled, passed and looked forwards when they had the ball, all creating opportunities for Katie & Addy in the front half who worked beautifully together near goal, albeit without success.

Finally, after almost 90% of the game had gone by and us having numerous chances to kick an equalizer, it came, Chloe putting it in after a superb effort from the back half with every player touching the ball up the ground. Game ended 1-1, which was justified for our kids effort. They deserved to at least draw.

It was a game I was super proud of to be their coach, more so than any other game this year. The kids should be very, very proud of themselves. Thanks to Will for filling in, you are welcome any week mate.

Sean Cawley, Coach, Jewelfish

OceanFest

PLC's major social event is on this Friday. Have a great and fun time and see you all there to support PLC.

Matt Gigney

Pacific FC President
