

## First Step

When confronted with a challenging situation, the key is to assess what can be done and then take the first step. We can then find ourselves taking the next step and the next step. Every step we take moves us closer to a better outcome. By focusing on what can be done and doing it, we develop greater insights and greater confidence as we go. We might even find ourselves skipping towards the end. A good first step is to begin by praying for Jesus to strengthen and help us. We can then step forward knowing that God is with us every step of the way.

## Principal's Log

It was good to see the very strong support given to our netballers on Monday night from staff, students and parents. The girls of each team played well in tightly contested matches. They continued the tradition of playing hard right to the end of every game with good spirit. The Year 8 and Year 10/11 teams narrowly lost their finals and the Year 9 representative team came from behind in the final minutes to become the premiers for the season. Well done to all girls who played in the Fisherman's Road competition for a good season of netball and thank you to coaches Mrs Toni Fisher, Dr Peter McMahon, Ms Melissa Pietrala and Mrs Leigh Drogemuller.

Mrs Janine Delaney will be taking leave for the remainder of the term to recuperate from ill health. We are thankful to have two very capable educators in Mrs Cynthia May and Mrs Laura Bonner to cover Mrs Delaney's position in her absence. Our thoughts and prayers are with Mrs Delaney and we look forward to her return next semester.

We wish our middle and senior students all the best as they prepare for their major exams next week. Every small step makes a difference and we would encourage every student to continue to make the most of every opportunity to hone their understandings as they approach these important assessments.

May God teach us to pray and to strengthen and encourage us to take those first steps.

## Daily Bread

### We Have a Happy Dog!

My family has duty of care for an aged Border Collie named Zehrs. She is a fluffy, friendly beast but we think that Zehrs had a hard life before we became her friends. She was an "Animal Welfare" dog when we first met her. Throughout her life, she has been very wary of strangers and we have figured that she was mistreated by someone when she was a puppy before she was put in the pound. One time, when we lived in a house with an open mesh fence she would always be a bit cranky as people went by.

Now we live in a house with tall wooden fences and Zehrs is in "bliss". She snuffles around the garden, herding the birds as only a Border Collie can. The fence has made all the difference to her life.

When God gives us boundaries such as His laws in the Ten Commandments, He is not trying to make us suffer and nor is God trying to constrict our lives. God knows that we need boundaries for good life. God's laws tell us what is safe and good for our communities. Following the Ten Commandments is one way to ensure that we are helping others to freely enjoy the life that God gives to us.

*Pastor Paul Smith, College Pastor*

## From the Director of Students

### Positive Education and Leadership

The Year 9 student leaders attended the Y Lead conference last week with several other schools from the Sunshine Coast. The day was interactive, memorable and informative for students. Y Lead's aim is to enrich the hearts and minds of young people through unique and powerful experience that educate, inspire and empower.

This is what the student leaders thought of the day:

From the three inspiring people that spoke to us, we not only learnt how to become a great leader but also that to accomplish your goals, believe you can and do all you can to get there. *Gemma*

You do not have to be the best. If there is something you want, and truly believe you can get it, then do everything you can to support that vision. *Amie*

The speaker that stood out from today for me was a Paralympic swimmer who was born with a disease that meant she would not walk. After 26 surgeries and a Paralympic world record, one of things she is most grateful for is her body and what she was born with. *Olivia*

Something that I have learnt today was that even if you have been having a bad day or a bad week, just remember that there are other people who do not have clean water, or are homeless. A quote that stood out to me was, 'never do what you say you want to do, always do more.' *Victoria*

Today we listened to some truly amazing stories and have come out the other side not only better equipped to lead others, but with a greater knowledge of how to lead ourselves. The only limits on what we can achieve are the ones we impose on ourselves. *Alli and Ally*

Today's altitude day for all Year 9 across many schools was very inspiring, especially with the three amazing people. Out of all the quotes and keys to life, I thought that the quote that 'you do not control your life' was very profound as it is very real but you do not think of it. *Samuel*

The altitude day done by Y Lead was very good and taught heaps of life things. *Kurtis*

The altitude day for Year 9 was great. It helped to inspire us and allowed us to meet some new people. A couple of people with amazing stories shared them with us, including two Australian of the Year nominees, one winner of the award, and a Paralympic swimmer. They certainly helped inspire me and I am sure everyone at the event was inspired too. *Ben*

It was a good day. Very inspiring. *Jez and Max*

I learnt how to dance and awkwardly hold hand with students from other schools but, all in all, it was a good day and very entertaining. *Noah*

*Mr Brendan Delaney, Director of Students*

## From the Head of Teaching and Learning K-5

### Twenty Minutes of Reading Tonight?

Let's figure it out, mathematically!

Student A reads 20 minutes five nights of every week.  
 Student B reads only 4 minutes a night . . . or not at all!

Step 1: Multiply minutes a night x 5 times each week.  
 Student A reads 20 minutes x 5 times a week = 100 mins/week  
 Student B reads 4 minutes x 5 times a week = 20 mins/week

Step 2: Multiply minutes a week x 4 weeks each month.  
 Student A reads 400 minutes a month.  
 Student B reads 80 minutes a month.

Step 3: Multiply minutes a month x 9 months/school year.  
 Student A reads 3,600 minutes in a school year.  
 Student B reads 720 minutes in a school year.

Student A practices reading the equivalent of ten whole school days a year.  
 Student B gets the equivalent of only two school days of reading practice.

By the end of Year 6 if Student A and Student B maintain these same reading habits, Student A will have read the equivalent of 60 whole school days.

Student B will have read the equivalent of only 12 school days.

One would expect the gap of information retained will have widened considerably and so, undoubtedly, will school performance. How do you think Student B will feel about him/herself as a student?

Some questions to ponder:

- Which student would you expect to read better?
- Which student would you expect to know more?
- Which student would you expect to write better?
- Which student would you expect to have a better vocabulary?
- Which student would you expect to be more successful in school....and in life?

*Mrs Sue Zweck, Head of Teaching and Learning K-5*

.....

## From the Head of Staff and Students P-5

### Emotional Resilience

The development of emotional resilience in children is important. Emotional resilience means knowing how to stop yourself getting extremely angry, down or worried when something “bad” happens. It means being able to calm down and feel better when you get very upset.

This week, I would like to continue to share some strategies from the *You Can Do It* program which may help eliminate or help to balance the negative mindsets that detract from children developing resilience.

### To Eliminate “I Can’t Do It”

In order to combat this form of negative, pessimistic thinking, explain to your child that he/she has a choice in how to think about things that have happened and about things in the future. Explain that when something bad happens, such as getting a bad grade or being rejected or teased by a classmate, your child can think negative thoughts or positive thoughts.

- Examples of negative “I Can’t Do It” thoughts: “I can’t do this. No one likes me. I’m not good at anything. It’s all my fault. Things will never change. I’ll always be hopeless with friends / in my work”.
- Examples of positive “I Can Do It” thoughts: “Next time things will be different. Maybe I did not try hard enough or behaved stupidly. I know that if I do things differently, including trying harder, the next time I am more likely to be successful than to fail”.

Explain to your child that an “I Can’t Do It” type of thinking leads him/her to feeling very down when bad things happen and can cause him/her to stop trying and withdraw.

Other suggestions for eliminating a child’s negative type of thinking called “I Can’t Do It”, includes the following:

- Encourage your child when faced with difficult work to think of the last time he/she was successful at doing something he/she did not think he/she could do. Then, encourage your child to think: “I did it before, I can do it again”.
- Evaluate your child’s progress based on the amount he/she has learned rather than comparisons with other children.
- Praise your child at those times when he/she continues working towards achieving goals/finishing work after experiencing difficulty or setbacks.

- Remind your child before commencing a difficult task of eliminating from his/her thinking the "I Can't Do It" type of thinking and developing the mindset that "I will probably be successful".
- Model for your child the two types of thinking about doing something difficult. For example, you could say "Now I have to learn more about how to use a computer. I can think: 'I'm hopeless at doing these things. I'll probably never learn it' or 'If I try my best, I'll probably be successful'". You should discuss the different impact these two types of thinking will have on your feelings and motivation to learn about computers.

As I entered the college today, one of the students held the gate open for me. Often we undervalue the positive impact small acts of kindness can have on another person. A smile, speaking in a friendly voice, helping another or doing thoughtful or generous things for someone, can brighten a dull day or invigorate our feelings and emotions. Acting kindly towards another not only makes the receiver feel good, the person performing the actions finds their endeavors fulfilling and satisfying.

Are such behaviours innate or do they need to be learnt? Recent scientific evidence has found that surprisingly, our brains are actually wired to be benevolent. Our social environment is, however, often much directed towards an "every man for himself" attitude based upon success at the expense of others.

Like any skill, how to speak and act with kindness towards another person is something that can be taught. At the college, the development of social and emotional competencies in students is a major focus. Research regularly re affirms the ideas that happy, confident and resilient children perform more successfully academically.

Each year, students study the *You Can Do It* program which includes lessons on Getting Along, Persistence, Confidence, Organisation and Emotional Resilience in students. Students work within the framework of Restorative Practices and the Christian Studies and devotions program. In support of these programs, this term students will be trialing study in developing the concept of kindness.

The concepts translate easily from school to home. As a parent, we all want our children to be happy, confident and resilient. We also want our children to act with thought and kindness without the need for extrinsic forms of motivation (prizes). A quick internet search reveals there is a great variety of interesting material available on the topic. The following site which contains a program used successfully in the Colorado Schools District in the United States acts as a great starting

point if you are interested in the topic.  
<http://www.randomactsofkindness.org/>

*Mr David Druery, Head of Staff and Students P-5*

## Food for Thought

### Being Emotionally Available

In the past 20 or so years, parenting has become a significant focus on our society. We have discovered just how important it is that we get it 'right'. The effects of parenting are substantial, and long lasting. We affect our children, their children, and society more generally; by the way we raise our babies into adults.

The emotional security of children plays a significant role in shaping their lives - from their personality, confidence, success in future relationships, and mental health - as they grow.

<http://www.emotionalavailability.com/>

*Mrs Annie Williams, School Counsellor*

## Friends of Pacific

### Connecting College and Community

#### OCEANFest 2014 Business Partnership Opportunities

To celebrate all that Pacific cherishes, Friends of Pacific (FOP), our parent body, is once again hosting the twilight OCEANFest 2014 on Friday, 15<sup>th</sup> August from 3.15pm - 8.30pm. With a focus on providing something for all ages, the celebration will include an East meets West flavours bar with a licenced area, and fireworks, along with even more rides, stalls and live entertainment than last year!

This fun-filled event attracts thousands of visitors from across the college community and the local Sunshine Coast area. All profits raised from the festival are returned directly back into providing the college community with valuable academic, sporting and cultural resources. This year, FOP is hoping to raise funds to outfit the Pacific auditorium with a large scale, multi-purpose digital screen which has the technology to showcase projects, plays and performances.

As FOP and Pacific are interested in continuing and developing new, long term business relationships within the community, various festival sponsorship partnership opportunities are now open. Outlined in the attached information (Sponsors Package Table flyer) are various promotional opportunity packages that may suit your business. And, the best part, that particular weekend, the Sunny Coast will receive a massive influx of visitors from across the globe due to the running of *Tough*

*Mudder*. Partnering with us in advertising and signage can result in a huge increase in your business name reaching a captive market.

Don't miss this opportunity to be part of a great community event. If you feel that your business would like to be part of this unique event and you would like further information, please call Pam Southern on 0438 543 800 or email [southern48@bigpond.com](mailto:southern48@bigpond.com).

### Athletics Day - Tuesday, 10<sup>th</sup> June

The athletics day is once again being held at the Sunshine Coast University on Tuesday, 10<sup>th</sup> June.

Friends of Pacific cater for the morning tea and lunches for the volunteers and also run a sausage sizzle and drinks stand. As it is at another location, it becomes more of a logistical exercise so we are putting a call out for anyone who may be able to assist in a couple of ways:

- Picking up items on the way to the university.
- Assistance on the stand (for as little or as long as you can spare).
- Delivering morning tea and lunch to the volunteers.

Please email [fop@pacuth.qld.edu.au](mailto:fop@pacuth.qld.edu.au) if you can help in any of these ways. It would be much appreciated.

### Business Directory

Friends of Pacific has started work on the Business Directory for the college website and later for an electronic format.

Please email expressions of interest to [fop@pacuth.qld.edu.au](mailto:fop@pacuth.qld.edu.au)

The primary focus of establishing the directory is so that the college community of families may more easily support other families through business.

The directory will be open to families of the college for a nominal annual charge that will assist Friends of Pacific fundraising.

*Mrs Tracey Hindmarsh, Chairperson Friends of Pacific*

---

## Sports News

### SECONDARY SPORT

#### Year 8-12 Athletics

The Year 8-12 Athletics Carnival will be held on Friday, 18<sup>th</sup> July (Friday of Week 1, Term 3). The carnival will be held at the University of the Sunshine Coast and all students in Years 8-12 will be required to attend for the day. Students have

already signed up for sprint events in House groups and all are encouraged to participate on the day. Please note that triple jump, 1500m and javelin events will be run at school for those who want to go for Age Champion and make the school team to represent Pacific at the District Carnival. More information regarding the day will come out throughout the rest of the term.

## Middle-Senior College 3 on 3 Basketball

Next Friday, Year 8-12 students are invited to attend the Year 8-12 '3 on 3' basketball competition. This tournament is open to all students in Years 8-12 and all skill levels and abilities are welcome to attend. It will run from 5.15pm - 7.00pm (approx) and teams can be mixed or segregated. It will be a fun night for all involved. Nominations close on Tuesday, 10<sup>th</sup> June. There will also be a small canteen to raise funds for the school's Cambodia trip (drinks, snacks and possibly a sausage sizzle available for sale). See Mr Hauser for more details.

Date: Friday 13th June  
Time: 5:15pm-7:00pm  
Location: Gymnasium  
Teams: Grades 8-12. 3-4 players per team.  
Cost: FREE  
Nominations close next Tuesday 10th June  
Drinks & sausage sizzle available!  
Prizes for best dressed & Champion teams

## Run Sunshine Coast

Pacific has registered as part of the *Run Sunshine Coast* program which is a charity running event that raises funds for kids in hospitals on the Coast. The event will take place on Sunday, 29<sup>th</sup> June. To get involved, or for more information,

please visit [www.runaustralia.com.au](http://www.runaustralia.com.au) and sign up under the Pacific Lutheran School entry.

## Holiday Basketball Camp

For anyone who wishes to be involved in a basketball camp over the holidays, the University of the Sunshine Coast is running a basketball clinic in the school holidays (see the attached flyer). For more information and how to register, please visit [www.uscbc.basketball.net.au](http://www.uscbc.basketball.net.au). This promises to be a very high quality camp and is run for all age groups. The calibre of coaches is at the highest level and will be very worthwhile to anyone who is interested.

*Mr Mark Hauser, Head of Sport*

## JUNIOR SPORT

We are now past the midway point of the term and there continues to be great opportunities in the Junior College sport.

## Prep - Year 2 Cross Country Carnival

Last week saw the running of the P-2 Cross Country at the Meridan Sports Complex. Students have been training for the last few weeks with Mr Druery in their Physical Education lessons and were excited to finally compete for their house. It was fantastic to see students all wearing their house shirts cheering their fellow team mates on as they competed on the day.

At the completion of the carnival, scores were tallied and the overall champion house was:

1 <sup>st</sup>	Wira	120 points
2 <sup>nd</sup>	Bula	101 points
3 <sup>rd</sup>	Mumba	98 points

Thank you to all parents and friends who supported students on the day and to class teachers who filled various jobs on the day.

## Year 3 - 7 Athletics Carnival

The Year 3 - 7 Athletics Carnival is on next Tuesday, 10<sup>th</sup> June at the University of the Sunshine Coast athletics track. Students need to wear their sports uniform with house shirt. All students also need their sports hat on the day. A program outlining events and times should have been received by all families this week. Students need to meet in their class rooms by 8.25am before moving out to catch buses to the venue. The carnival will be finished by 2.30pm and all students will be back at the college for normal dismissal at 3.00pm.

The Friends of Pacific will be running a BBQ at the carnival, however, it is still advisable for students to bring a packed lunch and water bottle to the carnival. The following items will be for sale on the day:

Sausage on bread	\$2.00
Cake	\$2.50
Drinks	Water - \$2.00
	PowerAide - \$3.00

## Year 4 - 6 SCISSA

The final SCISSA round for this semester will be played next week against St Andrews Anglican College. This week was the final week of after school training, with no more team training for the rest of the semester due to the public holiday next Monday. Students will still participate in Thursday afternoon sport for the rest of the term.

## Student Achievements

Congratulations to the following Pacific students who have gained selection in representative teams.

Riley and Flynn Burns have been selected in the Independent District under 12 touch football team. The boys will play at the regional touch carnival in a few weeks' at Beerwah.

Sophie Empson and Brooklyn Graves were also recently selected in the Sunshine Coast under 12 basketball team to play at the state championships in Townsville. The championships start next Wednesday and run through to Sunday, 15<sup>th</sup> June. We wish them all the best as they compete against the best basketball talent in the state for their age.

On Tuesday, Jason Wulff represented Pacific at the regional cross country carnival at Buderim. Jason won the under 10 boys race, which is a fantastic achievement. He will now represent the Sunshine Coast region at the State Championships. Well done, Jason!

*Mr Darren Hooper, Head of Junior Sport*

## Music News

### Drum Beat News

Congratulations to the following Pacific drum students who sat their Trinity drum exams on Sunday, 25<sup>th</sup> May:

Angus Frahn	Distinction	Grade 5
Sophie Dahl	Merit	Grade 2
Mackenzie Turner	Merit	Grade 2
Lily Croke	Merit	Grade 1
Mackenzie Turner	Merit	Grade 1

Congratulations to all the students for a great effort and hard work!

*Mr Basil Barletta*

## Drum Solos / Drum Trio / Drum Duet / Percussion Ensemble / Drum Line

Performance Friday, 6<sup>th</sup> June in the music room from 3.30pm - 5.30pm.

Mrs Aleisha Tuaine, Head of Music

## Pacific Soccer Update

### Round 10 – 31<sup>st</sup> May

Winter may have been only a day away, but the glorious warm weather was enjoyed by our

teams and spectators, as Round 10 games were played across the Coast last weekend.

We have included a sample of some of the action from a few teams. If you have taken any game photos, please upload them on our Facebook page and allow the excitement of the players and the wonderful team efforts to be celebrated and appreciated by all our supporters.

In the competitive teams, the U11A Pacific Sharks played the table-leading Buderim Hawks. The Sharks' many supporters have been impressed by the continuous team effort they have displayed on the field and for the way the team has continued to develop and learn as they progress through the 2014 season. They produced the best defence effort of the season last weekend.

U11B Pacific Snappers played Mooloolah Tiger Snakes. The Snappers produced one of their best team performances of the season, scoring six goals. More importantly, the Snapper's defence was solid, keeping their opponents scoreless throughout the game.

The U12B Pacific Hammerheads had a bye last weekend and will be keen for a hard training run this week to keep in form.

The U14B Pacific Seahorses played Currimundi Stingrays and again produced another great team effort and managed to score again against the second place team in the age group. The speed and fitness of the Seahorses, and their wonderful team spirit, has always been greatly appreciated by their many supporters and spectators. They continued to impress and delight the spectators on the weekend.

The U14A Marlins played a tight game against Currimundi Sharks in which the lead changed five times throughout the match. The Marlins' team performance has been improving as they progress through the season. It was a team effort which allowed Lawson Edward to score a hat-trick of goals and the Marlins to take the game 3 - 2.

### Winter Pie-Drive Fundraiser

Orders in our annual Homestyle Bake Pie Drive fundraiser were delivered last Monday and will be greatly appreciated by our families during the cooler days ahead.

A big thank you must go to the Hubbert, Hentschel and Davine families who collectively had the highest sales of pies. As a small token of our appreciation, each family was given a Pacific

Soccer beanie to warm them during the upcoming chilly winter mornings.

The money raised by the pie drive will help purchase a larger shade tent for our younger teams and interchange benches for our competitive teams. Thank you to all our families who supported the Pie Drive this year and especially Mrs Kelly Abraham, Mrs Lala Burnes, Mrs Jenny Lee and Mrs Louise Currey who helped with the ordering, delivery and distribution of the many orders.

## Extra Coaching Support

SCCSA have employed Mr Daryl Heath as their Director of Coaching. We were pleased to be able to invite him along to see a couple of our teams (U6 Jewelfish and U10 Pythons) during their training session last week. Daryl was impressed by the wonderful manners of the players and we would like to thank both teams for working so hard during the training session and for representing the club so well.

Daryl is available to any teams who would like to receive some additional advice or alternative options for training sessions and for matches. He can be contacted on 0414 931 671 or please contact Pacific Soccer and we will organise a time to suit.

## Challenge Cup 2014

Please remember that nominations for the Challenge Cup close on Friday, 13<sup>th</sup> June.

The Challenge Cup is a competition for U10 to U16 players, with teams from the Sunshine Coast, Brisbane, Ipswich and

surrounding areas. This year the Challenge Cup will be hosted by SCCSA and will be played at Mudjimba and Bli Bli.

The focus of the tournament is based on a Fair Play Award, rather than results, and is intended to encourage the positive spirit in which the games should be played. The referees award points for Team Spirit, Coaching Spirit and Attitude to the Referee.

Although representative players will be playing for their Sunshine Coast South team, the Challenge Cup does allow direct nominations from other U10-U16 teams who would like to take part. We have included a flyer at the back of the newsletter.

## Extra Games for U11B Snappers and U12B Hammerheads

Due to the number of teams in these age groups, extra games will be played throughout the season, resulting in Round 19, Round 20 and Round 21.

U11B Pacific Snappers:

- Round 21 at 6.00pm on Tuesday, 17<sup>th</sup> June at Buderim

U12B Pacific Hammerheads:

- Round 21 at 6.00pm on Thursday, 19<sup>th</sup> June at Buderim

## Friendly Games Between U13B / U14B Teams

Due to the number of byes in the U13B and U14B age groups, we will be playing extra friendly games between the teams in these age groups to allow the players to have a game each weekend.

U14B Pacific Seahorses will be playing as follows:

- Round 11 on Saturday, 14<sup>th</sup> June vs U13 Caloundra Red at 1.55pm at Caloundra.
- Round 17 on Saturday, 9<sup>th</sup> August vs U13 Immanuel Vipers at 3.35pm at Pacific.

## Team Photos NEXT WEEK –

Tuesday 10<sup>th</sup> to Friday 13<sup>th</sup> June

Next week our team photos will be taken on each team's training day, from Tuesday 10<sup>th</sup> to Friday 13<sup>th</sup> June. Photo times will be sent directly to our teams this week. Coaches and managers are asked to please remember to bring your team jerseys and also wear your training shirts to training next week.

## Round 11 - 14<sup>th</sup> June

This weekend, the State Titles are being played at Redbank Plains. Therefore, Round 11 games will commence on 14<sup>th</sup> June.

Congratulations to all our representative players who will be playing for Sunshine Coast teams this weekend in the State Titles. We wish you all the best for the weekend. Play well, play fair and please enjoy your experience.

## Pacific Soccer Contacts
