Does the Bible Really Tell Us To "Be Angry"?

It comes as a surprise to many people, but the Bible does actually say, "Be Angry." As you would expect, there is more to the Bible verse and this passage needs to be understood in its context.

The full verse says "be angry" but then adds "but do not sin". St Paul explains further, "Do not let the sun go down on your anger and do not make room for the devil."

What is this all about? We learn here that anger is a human passion that can be creative or destructive. Anger can drive us to change the world, such as those famous people who have spoken out angry words against injustice or wrongdoing in the world. Anger can also be the ruin of relationships and friendships.

How does a person "Be angry but do not sin"? We ask God to help us use our anger so that we do not hurt or harm others. We ask God to forgive us when we have used anger wrongly. When the Bible verse says, "Don't let the sun go down on your anger" it is inviting us to consider people who we feel have made us angry. We are encouraged to seek them out and to resolve our issues before anger eats away at us tomorrow and then the next day and the next day. The verse is sending us to sort things out straight away.

Here is that full verse:

Ephesians Chapter 4: Be angry but do not sin; do not let the sun go down on your anger, and do not make room for the devil. ... Put away from you all bitterness and wrath and anger and wrangling and slander, together with all malice, and be kind to one another, tender-hearted, forgiving one another, as God in Christ has forgiven you.

Connecting

Over the past fortnight, there have been positive connections observed across Prep to Year 12, where students from Year 3 to 5 have worked together with Year 12 Student Leaders to design material for a dragon to be paraded at the 2014 Ocean Festival next Friday. You will be able to see their final products at the Pacific Ocean Festival on Friday, 15th August. Thank you to the Pacific Action Group Captains and the House Captains for mentoring the younger students. Also, a special thank you to Mrs Jenny Lee and Mrs Melissa Pollock for their leadership of this activity.

Limelight

Thank you to Mrs Janine Delaney, Kirra Johnson and Doug Cassells for organising the 2014 Limelight performance auditions. Thank you to all students who auditioned this week. Please keep an eye out for finalist performance times and I encourage you to come along to support the finalists of Limelight at the 2014 Ocean Festival.

“Strive to be better at everything you do, see the challenges, commit to yourself, and connect with your environment, be 100% present in your day. Learn, inspire, teach, nurture.”

From the Head of Teaching and Learning K-5

We are excited to welcome *Imagine Therapies* to Pacific every Wednesday. Imagine Therapies is an occupational therapy service that specialises in working with children. They are partnering with Pacific to assist our students in reaching their full potential in all areas of life. Our therapists support children’s participation in the classroom, at home, in the community and through developing meaningful relationships with friends and family

What Is A Paediatric Occupational Therapist?

Occupation is another term for kids work! Children are required to participate in many different activities of work such as playing with friends, accessing the school curriculum, being able to pay attention in class, being proficient in motor tasks

(especially that of handwriting) and being independent in self-care skills.

At school, children have to play the occupational role of a student – as a student there is a different set of expectations to that of a son/daughter, brother/sister or as a friend. Sometimes understanding this role and the requirements of being a successful student are imperative to school success.

What Do Occupational Therapists Do?

The Imagine Therapies team have specialised knowledge in the area of children's development. As occupational therapists, they have been trained to analyse the child as a whole. They analyse physical components such as fine motor skills, gross motor skills, social/emotional skills and regulation, sensory processing, visual perception and postural tone/positioning. They combine this information with an analysis of the environment and the specific tasks the children are expected to do to make sure they have an accurate picture of the child's abilities. Once they have this, they can work out where the performance breakdown is and move forward through fun, engaging therapy to assist your child to reach their potential!

They work collaboratively with teachers, parents and other allied health professionals to ensure the best outcomes for all involved.

We will have a fun tip each week in the newsletter so be sure to stay tuned!

If you need Imagine Therapies, please do not hesitate to email admin@imagineot.com.au or call the clinic on 5493 6807.

Food for Thought

Dads Step Up

As a family psychologist Steve Biddulph once said, "At 14, they (boys) will argue with a road sign. It's the age where the teenage male brain transforms, develops unevenly and marinates in testosterone."

It is also the age where it is vital that dads step up to provide positive male role models and mums let go. It is the age where good men must be around for boys to download the software of positive masculinity. It is not just dads, but dads and other men in their lives.

Studies have shown that involvement of a father or a positive male role model in the lives of children has profound effects on them. Father-child interaction promotes a child's physical well-being, perceptual ability and competency for relating with others. These children also demonstrate greater ability to show self-control and initiative.

Seishin Visit 2014

Over the past week, Pacific has thoroughly enjoyed the company of our sister school, Seishin Gakuen. On Monday, 28th July we welcomed 20 Seishin students and three staff members into the Pacific community. Throughout their one week stay, the Seishin students enjoyed the Pacific lifestyle and the many special classes which were offered, including the special drama lesson organised by Mrs Janine Delaney and the Food Technology class organised by Miss Kim Stone. A group of our Middle College students was able to experience the Japanese culture first-hand as they participated in lessons organised by the Seishin staff and students.

For the first time this year, a Question and Answer session was run by Mrs Joanne Bailey which provided the opportunity for Prep - Year 7 students to ask questions about Japan and Seishin Gakuen. The Sports Pacific Action Group and senior leaders were also able to organise a Pacific vs Seishin soccer and basketball game during lunch times, which created a buzz on the field.

It has been an enriching week for everyone involved, with many new friendships made and existing ones strengthened. I would like to take this opportunity to thank all the host and

shadow students for their outstanding leadership, the staff for their support and, in particular, the ongoing support of all the host families who made this exchange possible. We look forward to seeing many of the students back in Japan next year on the 2015 Japan Trip.

Year 3 News

Last Wednesday, all Year 3 students wore yellow flowers in their lapels to attend our whole school assembly and for the entire day. The flowers represented International Friendship Day and the colour yellow was symbolic of friendships. The students then planted the flowers in their Classroom Gardens as a daily reminder of what friendship really means: being kind and taking care of one another.

Together, the cohort has been working on developing their relationships. They have enacted skits, role-played and problem-solved social situations to support their understanding and development skills in forming reciprocal friendships.

Of her own volition, our lovely Teacher Aide, Mrs Foxlow, initiated a Friendship Club that has been inclusive and really well attended on the Tuesday and Thursday of each week. We would like to thank Mrs Foxlow for giving up her own time to support this great project and for recognising the needs of this year's group.

Visiting Author and Illustrator

This week, Prep to Year 3 students got to meet not one, but two special guests – sisters Tracey Roper and Lisa Hollier who are the author and illustrator of *Hullabazoo!*, a picture book about a trip to the zoo that goes spectacularly wrong. Pacific Soccer Update

Round 16 – 2nd August

The chilly south-westerlies of August greeted our early morning set-up team and spectators last

weekend but the crowds quickly warmed to the exciting action on the field as Round 16 games were played at Pacific.

With 17 Pacific Soccer teams, our spectators always enjoy seeing the many excited and talented players from each of our teams, but we apologise that we have not been able to share all of this action within our newsletter updates.

We would love to be able to show many more of our players, so if you have any team photos, please send them through or upload them onto our Facebook page and allow their enjoyment to be appreciated throughout the club and throughout the school community.

Our U11A Pacific Sharks played second place Buderim Bandicoots. Although the Sharks were beaten on the day, they again played well as a team and the action was enjoyed by the

many supporters. With two games remaining, the Sharks still have a chance of qualifying for the finals series.

U11B Snappers played the top ranked team Nambour White Lions for the second time this season. The Snappers' performances have been improving through each round and last weekend they were able to reverse their 1-5 loss to Nambour in Round 7, to take the Round 16 game with a 2-1 result. With only two games remaining, the Snappers cannot secure the premiership but they have certainly shown they will be strong finals contenders this season.

The U12B Pacific Hammerheads had a 2-0 victory against Palmwoods Celtics. The result has kept the Hammerheads at the top of the U12B table but still only one point clear of second place and, therefore, the team will have to be focused for the next two games as they move towards the finals series.

The U14A Pacific Marlins played second place Bli Bli Bandits, a game which was made more difficult by the absence of four Marlins due to illness and family commitment. Although the Marlins played well and displayed many good attacking runs, and great defensive efforts, the team was ultimately beaten by a better team on the day.

The final game of the day was played between the U14B Pacific Seahorses and Chancellor Crusaders. The Seahorses put on another wonderful team performance, which saw the scores locked at nil all at half time. The second half saw opportunities for both teams and perhaps a draw would have been a good reflection on the game. However, it was Chancellor who finally scored with only a few minutes remaining to take the game 1-0.

Friendly Games Between U13B / U14B Teams

Due to the number of byes in the U13B and U14B age groups, we will be playing extra friendly games between the teams in these age groups to allow the players to have a game each weekend.

U14B Pacific Seahorses will be playing as follows:

- Round 17 on Saturday, 9th August vs U13 Immanuel Vipers at 3.35pm at Pacific.

Round 17 – 9th August

Round 17 games this weekend will be played at home, with the first games kicking off at 8.30am. The U14B Pacific Seahorses play the final game, a friendly against Immanuel Vipers, which kicks off at 3.35 pm. Unfortunately the U11A Sharks are playing at Palmwoods, and U12B Hammerheads at Sienna, so we cannot see them playing in our final home game for this season.

Each manager will have game times, or visit www.SCCSA.org.au or call us for more info.

Thank You From the Pacific Soccer Canteen

This weekend U6 Seahawks, U7 Stingrays, U8 Eels and U10 Pythons have been rostered to run the canteen in the morning.

Due to the absence of U11 Sharks and U12 Hammerheads, the U11 Snappers, U14 Marlins and U15 Seahorses will be asked to help out with slightly longer shifts throughout the afternoon.

Thank you to all our families who have been regular helpers in the canteen this year and have helped to make our home games a success for our players, spectators, club and the school. Thank you also to our managers who have helped with

organising the roster for each team, which has also greatly assisted with the operation of the canteen.

Rooball Carnival - 23rd August

A final Rooball Carnival will be held on 23rd August and provides a perfect way to end the 2014 season for our U6-U10 teams. Pacific Soccer has nominated nine of our 12 Rooball teams for the carnival. Although our U6 Sea Stars, U8 Eels and U9 Cobras will not have a team playing, we do have a few spaces available in the other teams if any players from the missing teams would like to have a game as well.

Pacific Soccer will be hosting U6 teams at Pacific for the carnival. Our other Rooball teams will be playing away at other fields across the Coast.

Semi-Final Games - 23rd August

Pacific Soccer will also be hosting Semi-Final games at Pacific on 23rd August. The top four teams in each age group will not be confirmed until after Round 18. We do expect to have a few teams playing in the finals which will provide an exciting day of action for our players and spectators.

End of Season Breakup - Sunday, 24th August

Our breakup for this season will be held on Sunday, 24th August at Pacific, starting around 12.00 noon and ending by 4.00pm. At the breakup, we will have a free BBQ with fun activities to keep the kids entertained. So bring along a picnic blanket and enjoy a relaxing afternoon in the sun. We will also be presenting trophies and team photos to each team, as well as awards to recognise the special contributions which players, team officials, and other supporters have made for their team, and for the club throughout the season.

Pacific Soccer AGM - Sunday, 24th August

This year Pacific Soccer's AGM will be held on Sunday afternoon 24th August while our players are enjoying the breakup fun. As usual, all committee positions are declared vacant at the AGM. We will accept nominations and elect specific positions for the 2015 season, including President, Vice President, Secretary, Treasurer, Canteen Convenor, Equipment Officer and Coaching Director.

Pacific Soccer would also appreciate the assistance of anyone who would like to be on the committee and perhaps take on a single task for the season. Specific tasks such as co-ordinating the Bunnings BBQ or the Pie Drive, do not take a great deal of time and, if one of these smaller tasks could be co-ordinated by a general committee member, the workload which the current committee members have been bearing will be eased significantly.

Please let us know if you require any additional information regarding specific tasks or roles within the Pacific Soccer committee.

Preliminary and Grand Finals

Preliminary Final games will be played on 30th August and the Grand Finals on 6th September.

Adermann Awards - 13th September

The annual Adermann Awards will be held at the Caloundra Events Centre on the evening of Saturday, 13th September to celebrate the outstanding performances throughout the 2014 season. In addition to awards for the Premiership teams, the Grand Final winners and the runners-up in each age group, there are also two special awards which will be presented on the night.

The **Adermann Award** is presented to the player in the competitive age groups who accumulates the most best-and-fairest points throughout the season. These points are awarded by the referee after each match.

The **Terry Reynolds Award** is awarded to the representative player who best displays the skills, attitude and behaviour, which is expected of a player representing the SCCSA.

Several players from Pacific Soccer are generally nominated each year for both awards and SCCSA Admin will advise each player in writing of their nomination over the next couple of weeks.

Tickets for Adermann Awards

Tickets for the Adermann Awards are always hard to obtain and, at this stage, Pacific Soccer has been issued sufficient tickets for only a few award nominees and players from two teams. Therefore it is important for ticket orders and menu selections to be confirmed and payment made without delay to maximise the possibility of players and a family member being able to attend.

More specific information will also be sent out to the families of the competitive teams.
