

Lose the Weight Over Easter

It can be easy to carry a lot of weight through life. Whether it is the weight of our own failings, hurts and disappointments or those of others. Easter is a great time to let go of the burdens of the past and move on. Having the capacity to forgive and interact graciously with friends, family, colleagues and members of the community frees our thinking and actions to focus on what can be done in this present moment to live better. The past cannot be undone. How we think and what we do about the moment we now have to live can make all the difference.

Jesus invites us to leave our burdens at the foot of the cross. Just as the robber on the cross asked Jesus to forgive him, we too can kneel before Jesus and ask forgiveness for our shortcomings. We do this confidently because Jesus died and rose again to free us from the burden of our sin. Having been forgiven for our failures we then can let go of the hurt caused by others. Our response to Jesus' great love is to love others, especially the hard to love and make the most of the gift of life given to us.

Principal's Log

The Jazz Evening provided a wonderful night of entertainment for our community. The music and food created a rich ambience for families as they came together and relaxed on Friday night. Thank you to Mrs Aleisha Tuaine, Mr Adrian King and the music students for the very entertaining music and to Mrs Colleen Beattie, Mrs Rhana Holt and the hospitality students for the fine food. Thank you too, to our Friends of Pacific team led by Mrs Melissa Pollock who gave great assistance to the staging of the event and to all the families that came along and made the evening such a great success.

Thursday evening provided the opportunity for parents to hear about the college's implementation of the Mind Star program. This online wellness program, developed by Mr Aaron Williams in conjunction with the University of Queensland and

the University of the Sunshine Coast, provides students with simple strategies to begin to manage stress and anxiety. The presentation by Mr Aaron Williams was well received by parents, who had the opportunity to ask questions after watching a sample of the program to be presented to Middle and Senior College students next term. We thank parents for their attendance and Miss Kim Stone for her leadership in the absence of Mr Brendan Delaney and myself due to interstate meetings and conferences.

Middle College parents and students have made good use of the Middle College conferences this week. The focus of these sessions is for each student to celebrate the progress made through the first term and to gain one thing to focus on for improvement over the next term. We thank students, parents and staff who have made the most of this opportunity. Senior College reports will be available online over the holidays and parent teacher conferences will be held in the second week of next term.

We farewell Mr Darren Lawrence who has very capably fulfilled the role of physical education teacher this term. We have appreciated Mr Lawrence's professionalism, care for students and staff and his generous support of the college's sporting program. We also extend our appreciation to Mrs Jodie Swales who has worked effectively with the Year 7 classes while Mr Damien Evans has been on paternity leave over the past fortnight. We thank Mr Lawrence and Mrs Swales and wish them all the best as they go forward.

We wish our Year 10-12 Clarence River White Water Expedition group led by Dr Peter McMahon and the Armidale Rugby Team led by Mr Darren Hooper, safe travels and rich experiences as they engage in these wonderful opportunities over the Easter break.

In the first week of the holidays I am looking forward to attending the INTASE World Educational Leaders Summit Conference in Singapore, which has leadership and redefinition of schools in the future as its theme. With speakers and attendees from a variety of countries this promises to be a stimulating and important time for gathering thinking about the future of education from an international perspective.

Term 1 has seen staff, students and parents come together to provide great opportunities for learning and growth. We have seen both innovation and consolidation. Thank you to staff, students and parents for your considerable support of each other and significant contribution through giving and being your best. Our prayer is that over the Easter break, God's love reaches deep inside to provide you with a time of genuine refreshment and rejuvenation.

Dr Bronwyn Dolling, Principal

Daily Bread

Happy Holy-days

It is the end of term and many people are heading away for the Easter holidays. I love the word 'holiday' – not simply because it implies free time for rest and recreation with loved ones. I love the word 'holiday' because of the significance of this ancient word.

The word 'holiday' appeared in our language at a time when most people of the English-speaking world belonged to Christian communities. Those communities set up their calendars for the year to be much more than just 'New-Years Day' to the end of the year. They included special times to remember the life and work of our Lord Jesus – including His birth, death and resurrection.

On certain days, people would take time from regular activities to worship God – celebrating the blessing that we have received through Jesus. These special days have become the major 'holy-days' (holidays) that we know today as: Christmas, Good Friday and Easter.

How do we make the 'holidays' especially 'holy'? Firstly, we can acknowledge that God has come to us in Jesus, to show His great love for the world. How do we acknowledge God this way? We can pray with thanksgiving. We can reflect on the good news of Jesus. We can join with others in worship.

Secondly, we can seek to make our 'holiday' time when we pass on the blessings that have been given to us. God has given us a new way of living that seeks to 'do to others' as we would have them 'do to us'. We can ask God to work through us to bless others as He has blessed us.

God gave you opportunity to discover anew the good news that makes Easter a truly 'holy' holiday.

Pastor Paul Smith, College Pastor

From the Head of Staff and Students P-5

It was wonderful to see the large number of parents attending the Prep – Year 5 parent teacher conferences last week. As the learning journey at Pacific is shared between parents,

staff and students, these conferences play an important role in enabling parents to be a part of their child's growth and development.

Thanks to all parents and families for their support and involvement in the many and varied aspects of life in the Prep – Year 5 area of the college this term. Your support and involvement is greatly valued and welcomed by the children, staff and the entire college community. Have a happy and holy Easter and a great holiday.

Start of Term 2

Students commence Term 2 on Tuesday, 21st April. Students that have HPE on the Tuesday will need to remember to wear their sports uniform to school on the first day back.

Mr David Druery, Head of Staff and Students P-5

Teaching and Learning

The Science Department

What's the Best Fuel for Pop Pop Boats?

This was the big question our Year 8 Scientists needed to formulate an answer to last week. During the term they learnt the basics of Chemistry including, how to name precipitates formed during a chemical reaction using solubility rules, the scientific differences between molecules, mixtures and compounds and how to use properties of the elements to identify an unknown.

In the last two weeks of the term, students then explored the topic of combustion. Using Pop Pop Boats in a blow up pool, they examined the effects of different fuels on the speed and efficiency of these boats.

The fuels used were Methanol, Ethanol, Butanol and Propanol. Some fuels did work more efficiently and faster than others and fortunately we were able to put the theory into practise and see that the longest carbon chain of our four fuels was butanol. Further, because of the additional bond breaking and forming, butanol was the ultimate winner.

One of the Year 8 classes also had the privilege of teaching Mrs Pollard's Year 3 class the concepts behind a Pop Pop Boat and helped them to record results for their experiment.

This peer teaching method proved to be extremely rewarding with the Year 8 students being able to show their initial understanding of the concept, then consolidate this when explaining to the Year 3 class. Thank you to Mrs Pollard for allowing 3P to join in this experiment to experience and record data in an experiment in the Middle School.

In Term 2, Year 8 students will study Physical Sciences with the aim of launching 'Rockets' mid-term.

Mrs Rae Hall, Head of Teaching and Learning Middle College

From the Director of Students

Last week I attended the Restorative Practices International Conference in Hobart. At Pacific we see strong, positive relationships at the core of our Christian educational community. When relationships break down we use restorative practices to improve and heal relationships. Relationship breakdown is complex and appropriate long lasting peace can be achieved through relational restoration.

The conference showcased best practice from across the world through a series of keynote lectures and workshops. For me, it was a great opportunity to network and learn with a range of schools across Australia. The main messages that I took away with me was that for young people to succeed, they must believe you care about them, that you have confidence in their ability to solve problems and there must be mutual respect. Strong teaching and learning relationships must exist. The stronger the relationship, the easier it is to resolve differences. The restorative process is dependent upon a social climate that is reparative rather than punitive.

Restorative practice at Pacific puts into action a philosophy that puts respectful relationships at the heart of the educational experience.

The idea is connection before correction. At the essence of the restorative conversation is WARM.

What- tell the story, what happened?

Affect- who do you think has been affected? In what way?

Repair- what needs to be done to put things right?

Move forward- how can we make sure this does not happen again?

Therefore, our aim as an educational community in a pastoral way is to build relationships, maintain relationships, restore relationships and sustain relationships.

Finally as Charles Darwin, who is normally associated with the 'survival of the fittest' theory, said in *The Descent of Man*, "the communities most likely to flourish were those with the most sympathetic members". By helping to mend broken relationships, restorative practices helps us to flourish.

Mr Brendan Delaney, Director of Students

Food for Thought

How to Discipline Children and Teens with Consequences that are Effective and Meaningful

A consequence is something that happens after your child behaves in a particular way and can either be positive or negative. There are times when you might choose to use negative consequences for difficult behaviour. For example, you can use negative consequences to enforce limits and reinforce rules when simple reminders have not worked. It really pays to put some thought into how and why you might use consequences. If you overuse negative consequences or use them badly or inconsistently, they can have surprising and unwanted effects. So it is always best to focus more on giving your child attention for behaving in ways that you like. This usually means you will need to use negative consequences less.

Mrs Annie Williams, School Counsellor

Friends of Pacific

2015 Golf Day – Sunday, 17th May

Coastline BMW 

Pacific Lutheran College and Coastline BMW are proud to announce the details of the 2015 Golf Day! Join us for a day of golf at the prestigious Pelican Waters Golf Course. For full

details and to register, please see the flyer at the back of this newsletter.

Happy Easter

We would like to thank everyone who participated in the Easter egg fundraiser and wish everyone a safe and relaxing holiday.

Mrs Tracey Hindmarsh, Chairperson - Friends of Pacific

YACHTS Reflection

"The pen is mightier than the sword!" This quote was the inspiration for the Year 4 and 5 YACHTS (Young Achievers Creatively Honing Thinking Skills) students this term as they set up their own publishing company, 'The Mighty Pen', and designed their own logo and business card. As the board of directors, the students utilised their critical and creative thinking skills to analyse written submissions, developing and applying their own quality writing criteria to make deductions and examine literature pieces involving complex text. Stand out literature was discovered, relished and reflected upon at our board meetings.

Our Year 2 and 3 YACHTS students have gone WILD as they explored the literature piece 'Where the Wild Things Are'. Students were the drivers of their learning as they made informed decisions and planned their creative responses through brainstorming and questioning. Wild masks were designed, original scripts written co-operatively and stomping performances showcased as ideas were generated, developed and imagination applied. The students embraced the opportunity to learn, grow and interact with their like peers.

Ms Anthea Brighton, P-5 Learning Enrichment

Earth Hour

Last week, students and teachers participated in an Earth Hour challenge, 'switching off' across the college on Friday. Many classrooms went without lights and air-conditioning for most or all of the day. Classes were encouraged to do an activity that linked to the

Earth Hour theme or looking after our planet.

Classrooms took their activities outside, such as the Year 1's who painted what a healthy Earth would look like. The Year 3's made candleholders and then wrote about their experience in the dark and heat, by candlelight.

We were able to track our energy consumption on the day and are proud to report that it was 399 kWh less than normal! Great work everyone!

Ms Luanne Pollard, Year 3 Teacher

Vacation Care Reminder

Please remember to return your forms as soon as possible so you do not miss out on our fun packed Vacation Care Program!

We have very limited spaces and they are filling fast! Our program runs from Tuesday, 7th April to Monday, 20th April. Here is a sample of some of the exciting days we have coming up:

- Go Karts and bubble machine - Incursion
- Family Feud day (children's choice)
- Caloundra Cinema and Happy Valley - Excursion
- Shelly Beach picnic - Excursion
- Laserzone - Incursion
- Noosa National Park and BBQ - Excursion

Careers Department

University Experience Day

The Australian Catholic University (ACU) in Brisbane is conducting its annual 'Experience Day' on Thursday, 9th July. You must register early for this popular event.

Students from years 10,11 and 12 are invited to register for at: www.acu.edu.au/uni-experience.

The experience is available for the Faculties of Arts and Sciences, Business, Education and Health Sciences. On the day students will get a feel for the ACU campus, meet ACU staff and current students, learn about industries and careers,

hear helpful tips on preparing for university as well as enjoy the entertainment and fun campus atmosphere.

Options Career Information Bulletins

Our college subscribes to an organisation that provides a fortnightly career information bulletin. The people who put the information together are qualified, practicing career advisers in secondary schools. The information is most useful.

This bulletin will now appear on the PLC website under News & Events / Publications.

The articles cover topics such as Apprenticeships, Career Exploration, the ADF, Competitions, Course and Institution updates, Financial assistance and scholarships, Gap year programs, Occupational Information, dates of Open Days, expos and career markets QTAC and Tertiary Entry and Study Skills.

Ms Ainslie Reid, Career Counsellor

Secondary Sport

SCISSA Volleyball Finals

This week, the open boys volleyball teams played in two grand finals at Matthew Flinders Anglican College (MFAC) to mark the end of the SCISSA volleyball season for 2015. The 11/12B boys played against MFAC in a curtain raiser to the open A final. It was a close game, but Pacific lost 2 sets to 0 (23-25; 26-28).

In the open A final, Pacific took on the undefeated Nambour Christian College (NCC) team in a thrilling match. Pacific won the first set (25 – 22) with some good all round hitting and team play. The second set however, proved to be a one-sided affair with NCC winning (15 – 25) and forcing a deciding third set. Pacific started off nervously and after being down 6 – 16, it looked as though NCC would walk away with an easy third set and grand final victory. After a strategic time out by super-coach Debbie Turner, the boys turned on what had been working for them in the first set and with some solid hitting (Michael Cuttler, Lachlan McKay and Tyler Turner), good team blocking (Nelson Anderson, James Barnes) and

scrapping for every ball (Harry Greenland and Matt Holt), the scores were level at 22 – 22. Unfortunately, NCC prevailed over the strong fight back from Pacific to win the match.

Overall, it was a fantastic end to a tremendous season of volleyball and all the boys should be congratulated on a superb effort. Once again, thank you to Mrs Debbie Turner for her dedication and expertise with the boys. It was truly a huge boost to the level of volleyball at the school having her on board. I look forward to seeing what the team can do in 2016, with some new initiatives for volleyball planned at the school throughout the year (along with Debbie's help!).

Open Boys SCISSA Football Final

Unfortunately, due to the weather, the open boys SCISSA football grand final was pushed back to Wednesday, 22nd April (Week 1 of next term). We wish the boys the very best when they take on Sunshine Coast Grammar School and Matthew Flinders Anglican College on the ovals next term.

Year 3-12 Cross Country - Postponed

Unfortunately, due to the inclement weather this week, the 2015 Cross Country Carnival has been postponed to early next term. At this stage, we are looking at holding the carnival on the first Friday of Term 1 (24th April). The course and procedures for the day will remain the same, but hopefully the grounds will be a little drier for the carnival.

Student Success

Congratulations to Kaylee McKeown who has recently returned from the State Swimming Championships in Brisbane. Kaylee walked away with three gold medals (50m, 100m and 200m backstroke) and also set five records at the meet – breaking QLD records in the 50m backstroke, two records in the 100m (heats and final) and the 200m. Her fifth record was again in the 100m backstroke, where she set a new Australian Age Girls record! Kaylee has now qualified for the Australian titles in two weeks time in Sydney, where she will compete against the best swimmers in the nation. While she is down there, older sister Taylor McKeown (and 2014 guest sports presenter) will also be swimming for Australian swim team qualifications. These events will be broadcast on OneHD over the holidays for anyone wishing to watch some fast races! We wish the McKeown family all the best over the next two weeks. Congratulations Kaylee!

Ella Smith was also at the meet and swam well to finish 11th in the state for breaststroke. She finished one place outside of making it into the Australian Titles (first reserve). Well done to Ella as well! Skye Norris also qualified for the meet, but was unable to attend.

Junior Basketball Program (Years 2 – 7)

The Junior Basketball Program will be running again next term.

WHO: The program is open to anyone at Pacific from Years 2-7 who would like to participate in basketball in a fun and friendly environment. All abilities and age levels are welcome to join!

WHEN: The program runs every Thursday after school (3.30pm – 5.00pm) beginning in Week 2 of Term 2 (30th April) and finishing on Thursday, 18th June.

WHERE: The program will be run on the school courts (both the gymnasium courts and the new tennis courts).

COST: Cost is \$55 (registration for eight weeks, plus own basketball, plus basketball shirt) or \$30 (for registration only).

HOW TO BE INVOLVED: All students have received an information and registration letter this week. To sign up, please complete the registration form and together with payment, hand it in to the school office. Please note that registrations close on Friday, 24th April. No more registrations will be taken after this date.

See Mr Hauser if you have any further questions.

PLC Club Soccer

The PLC Soccer Club are after any students who would like to play in their U13 Hammerheads team, who are currently playing in A grade competition this year. They are seeking a few extra players to join the team (boys or girls), who are born 2002, or girls born 2001. If you are interested in playing, please contact the PLC Soccer registrar Jenny Lee directly at jengregg@optusnet.com.au.

West Ham United Players ID Camp

Over the holidays, the West Ham United talent identification camp is taking place at Pacific Lutheran College. The camp runs on the 9th and 10th of April on the school ovals and all players from U8s – U18s are welcome to attend (please see the flyer for more information and registration processes). This camp can lead to future elite pathways in soccer and is a fantastic opportunity for all involved.

Mr Mark Hauser, Head of Sport

PLC Club Netball

Round 3 and the final grading round for the year took place over the weekend. All teams are playing well and making improvements each week.

The Thoroughbreds had a challenging match playing against the Meridan Crickets. It was a high scoring game which led to a lot of action on the court however the girls were defeated in the end.

The Ponies played a great game on Saturday. They took to the court with two last minute subs from the Arabians and were able to play a competitive game. Unfortunately the girls were defeated by the Meridan Hornets 27 goals to 19. Most Valuable Player went to Caitlin Hall and Rosy Jordan, who did an excellent job in defence.

The Arabians had a bye this week and enjoyed the rest!

The Mustangs had a good game against the Pacific Starlings. Their defence combination in the circle with Lucy Burnett and Georgia Sharry was exceptional and they did not give up at any time. However the girls were defeated 4-8. The Spirit Award for Best and Fairest went to Grace Whitelaw who played a strong versatile game in the circle and then in centre court. We thank Nikita Gallagher and Emma McEvoy from the Fillies for helping us out this week.

The Fillies played a very evenly matched game to draw 5-5 against the fast paced Meridan Bees. Great teamwork, great communication and great defence ensured the Fillies maintained pressure on their opponents.

The Brumbies defeated the Meridan Ladybugs 10-5. There wasn't a player of the day awarded as the entire team had an outstanding game and were happy with their snakes as a reward. Well done Brumbies!

Although their game isn't scored in this grade, the Unicorns played very well in their defence against the Currimundi Bobcats. All the girls are showing great team spirit every week. Keep up the great work girls. The Spirit Award went to Sophie Bloomer.

We hope you all have a safe and happy Easter break and return rested and ready for Round 4 at Caloundra Indoor Stadium on 18th April (the last Saturday of school holidays)! Teams will be notified when the draw is available and game information will be updated on PLC Netball Club Facebook page.

Mrs Natalie Campbell, PLC Netball Club - President

Pacific Soccer

Round 4 Update – 28th March

Our 17 teams played away games last weekend across the Coast and the players would certainly have enjoyed the fun of playing in the wet conditions.

Thank you to the many photographers who included some of their photos on our Facebook page, to share some of the action.

In the competitive teams, our U11 Pacific Sharks played at Currimundi and although they scored against Currimundi Orcas, the better team eventually beat them on the day.

Our U12 Pacific Snappers also played at Currimundi in a close-fought match against Currimundi Mantarays. With good attacking runs from both sides, the Snappers just missed out on the points with a 1:0 loss.

The U13 Pacific Hammerheads are playing A grade this season and faced Currimundi Barracudas last weekend. The game was closely fought on the field, but Currimundi took their chances early and had a 4:0 lead at half time. Despite a determined effort by the Hammerheads, they were not able to pull back the lead.

Our Pacific Torpedos played at Mooloolah against Palmwoods Trojans and showed another wonderful team effort, which saw many excellent saves by Macca in the goals and great defence which repelled numerous attacking runs by Palmwoods. The Torpedos also had several close scoring chances, which provided a lot of excitement and were greatly appreciated by their many supporters on the sidelines.

Places Available with Pacific Soccer

We have only limited places available in some teams:

- 2 players for U13 Hammerheads (boys 2002 or girls 2001/02).

Vanuatu Appeal

We have had an amazing response to the 'Impact Vanuatu' appeal and the final vehicle loads of donations were delivered to the local collection depot in Glasshouse Mountains last weekend. Thank you to all our families, both within the club and the wider school community, for supporting this appeal and for donating so many clothes, household items and tools, to help the devastated communities in Vanuatu.

Thank you especially to Lala Burnes, Jenny Lee and Melinda Dines for organising the collection and the delivery of the donated items.

If you would like to provide additional support for the 'Impact Vanuatu' appeal, or see how the extensive collection of donations from within our local area will assist the communities in Vanuatu, please have a look at Impact Vanuatu on Facebook.

West Ham United Players ID Camp

A reminder that West Ham United Oceania Academy will be running a two day Elite Player ID Camp at Pacific on Thursday, 9th April and Friday, 10th April.

The camp is designed for players aged U8 to U18 and the attendees will all receive expert coaching and training drills, under the guidance of coaches from the West Ham United Oceania Academy. Players who excel at the camp will be invited to attend the Oceania Academy National Residential Camp in Canberra later this year and may ultimately be invited to London to experience the West Ham United Academy.

Pacific Lutheran College has been a partner school with West Ham United Oceania Academy for several years (one of only two schools on the Coast and the only club in the SCCSA competition). To show our support, Pacific Soccer teams have the West Ham United badge on our match jerseys. The West Ham United Oceania Academy Player ID Camp has been run at Pacific for the last three years and has always been very popular, so please check the flyer at the back of the newsletter for more information and register early to avoid any disappointment.

Pacific Soccer Committee Changes

We regret to advise that due to health reasons, Jack Vardavas has decided to step down from his role as coach of the U7 Jewelfish and U12 Snappers and also from his position as Director of Coaching on the Pacific Soccer committee. Jack will be remaining as coach of the U15 Torpedos. We also advise that Rob Moffitt has stepped down from his position as Vice President of Pacific Soccer, but will be continuing as the coach of the U7 Barracudas.

We would like to extend our sincere thanks to Jack and Rob for their assistance on the committee this year. We wish them well with their respective teams and hope they have an enjoyable and a rewarding season.

Welcome New Coaches

We would like to welcome Ben Creamer and Scott Bowering who have offered to take over the coaching role for the U7 Jewelfish. Ben and Scott will be well assisted by Lisa Ackerman, as the team manager.

Thank you also to Leah Croke who has taken over as coach of the U12 Snappers and will be assisted by the team managers Shane Punter and Bron Butler.

Round 5 – 18th April

We now have break over the holidays, but please remember that Round 5 games will be played on 18th April, which is the last weekend of the holiday break, so keep this date free in your diary.

Round 5 will again have our 17 teams playing away games at venues across the Coast:

- U6 Seadragons, U10 Cobras, U12 Snappers at Currimundi
- U6 Flyers, U13 Hammerheads at Mudjimba
- U6 Razors, U9 Eels at Unity
- U7 Vipers, U7 Jewelfish, U7 Barracudas, U7 Fireflys, U8 Stingrays, U8 Seals, U8 Swordfish, U11 Sharks, at Buderim (Fishermans Road)
- U15 Torpedos at Siena
- U10 Taipans at Sunshine Beach

Each manager will have game times, or visit www.SCCSA.org.au or call us for more info.

Coastline BMW 770 Nicklin Way, Currimundi. Ph (07) 5491 9100. coastlinebmw.com.au

*Finance from BMW Financial Services (a division of BMW Australia Finance Ltd, Australian credit licence 392387) on a BMW Full Circle agreement over 60 months, with a 15,000 km pa allowance. Interest rate is 5.99% pa. On a drive away price of the relevant vehicle with automatic transmission and no optional extras of (1) \$56,100, (2) \$48,100 and (3) \$40,300, with monthly repayments of (1) \$769.07, (2) \$660.37 and (3) \$556.27 and a final payment of (1) \$19,900.52, (2) \$15,300.15 and (3) \$13,302.45. Total amount payable is (1) \$68,045, (2) \$58,125 and (3) \$48,799. At the end of your contract, you can trade-in the vehicle or exercise your GPV rights by paying out or refinancing the GPV or returning the vehicle to BMW Financial Services, provided that the vehicle has not exceeded the contracted km allowance & meets fair wear and tear conditions. Offer applies at Coastline BMW while stocks last to new vehicles ordered & delivered between 20.03.2015 and 30.04.15. No other offers apply. Excludes fleet, government & rental buyers. Fees, charges, terms, conditions & approval criteria apply. Consult Coastline BMW for further details. BMW Financial Services reserves the right to change or amend the offer. **Comparison rate based on monthly repayments for a 5 year secured consumer loan of \$30,000. WARNING: This comparison rate is true only for the example given & may not include all fees and charges. Different terms, fees or other loan amounts might result in a different comparison rate.
