

Learning For a Life of Possibility

Over the past three days I have had the privilege to listen to leading international thinkers and educators. Amongst them were people such as Daniel Pink, Sir Ken Robinson, Professor Stephen Heppel, Ewan McIntosh and Alan November. The recurring theme was the importance of creativity and collaboration and having the capacity to thrive in a lifetime of surprises. Sir Ken Robinson made the observation that thankfully 'life is not linear but organic'. For young people to thrive, they will need to have the personal capacities to not just negotiate the surprising but to revel and grow through it. They need the capacity to not only solve problems but ask novel questions that lead to better ways of thinking.

For deep learning and growth to occur, there needs to be surprises and challenges. Modifying the hill to a speed bump or worse a momentary bounce not only stunts growth but indicates a lack of confidence in the capacity of the young person to find the questions, tools and strategies that are needed. A salient change to a well-known quote by one of the presenters is worth reflecting on.

Give a man a fish and that feeds him for a day, teach a man to fish and that may only feed him for as long as the tools and the fish remain.

Principal's Log

As mentioned above, I have spent the first three days of this week at the EduTECH conference listening to internationally renowned thinkers and educators. The college's approach to teaching and learning through the Teaching for Understanding Framework and emphasis on making Thinking Visible sees us being very well placed in our support of young people to thrive in a world of surprises. The emphasis on question posing and creativity is something we see in a vast majority of classrooms on a daily basis. While other principals were asking questions of how to move staff to this type of thinking, I was quietly celebrating that our teachers were leading each other forward through the sharing of good practice and learnings. It is worth noting that even though it was a technology conference the focus was on the culture of learning rather than the tools

themselves. It is refreshing that we have moved beyond the focus on the modern day 'biro'.

Congratulations to our Year 9 netballers who won their grand final on Monday night. While I was disappointed I could not attend, it was great to hear of the tremendous support provided by parents, staff and students. Congratulations to the girls and once again congratulations to Mrs Drogemuller who through her talent and enthusiasm, has passionately promoted netball in the college. Well done once again to all students and coaches who have participated in the Monday night netball program and to our parents for your support.

Laptop computers for Year 10 students will be provided by the last of the Federal Government funding for the college as part of the Digital Education Revolution. We expect the laptops to be available early in Term 3. This funding is only available to be used for students across Years 9-12. This will mean for the lifetime of the laptops, they will be provided to senior students. It is unlikely that the Federal government will continue the 1:1 funding of devices across these year levels into the future. We will discuss some of the implications of this at the next Friends of Pacific meeting.

We wish our Year 10 students all the best as they go on camp in the coming fortnight. A particular thank you to staff Miss Elley Johnston, Miss Karen Schulz, Mr David Simpendorfer, Dr Peter McMahon, Mr Duncan McNee, Mr Damien Evans and Mrs Rowena Marshall for all of the extra time they have put into being prepared to go on the camp and their commitment to providing such a rich and important learning experience.

As Mrs Louise Broads steps down from her role as secretary of the Friends of Pacific, we would like to acknowledge the wonderful contribution she has made. Over many years and, in particular, in recent times as secretary, Lousie has been a passionate supporter of the college and of the activities of the Friends of Pacific. We thank her for her generosity of spirit. We welcome Mrs Kath Barry as the new secretary.

We thank God for giving us a life full of surprises and possibility. May He equip us to grow and grow others to thrive in the richness of unpredictability.

Dr Bronwyn Dolling, Principal

Daily Bread

State Your Origin!

If you go to the internet website for "National Rugby League Origin", you will be offered a choice. There is a bold declaration: "STATE YOUR ORIGIN" and then there are three buttons for you to choose from: Maroon, Blue, or "I'm on the fence." This is designed to help people "customise" their use of the website, so that they only have to look at content about their team.

That "choice" got me thinking, but not about Rugby League. Maybe because I am a pastor trained in theology or maybe because I was just deep in thought about life and the universe at the time, but that choice to "choose your origin" made me think about our origin on this planet and God's creation.

At Pacific, we teach the Christian Gospel about our origin. We are lovingly created by a merciful God. God has made each of us wonderfully unique and God provides all we need to grow and learn what is good and beautiful and true.

At Pacific, we educate young people to discover their gifts and abilities and to extend themselves through a broad array of experiences, including exams. Our exam program helps students to learn where their skills are, and teaches them what is needed to grow ever-stronger academically.

On the matter of "origin" and the NRL it won't be hard to guess which button I clicked on the NRL Origin website, when I explain that life began for me in the Royal Brisbane Hospital in 1962.

Pastor Paul Smith

From the Head of Senior School Students

Digital Reputations

This week, I spoke at assembly about the importance of maintaining a positive digital reputation.

Nina Funnell is a specialist in this area of work and encourages parents to establish contracts with their children for them to reflect and be accountable for their digital reputation. Here is a summary of some key points:

It is important that you make a contract together. Set aside a night to talk about the rules and allow them to come up with some input. You should review this annually.

Things to think about include:

- What is your overall stance on technology? (ie. is it a privilege or a right?)
- What purposes can they use the computer for?
- What purposes can they use the internet for?
- What games can they play?
- How long can they use the computer for?
- What can they do with computer settings?
- What about profanity?
- How do you expect them to behave towards others?
- What will they do if they receive a harassing message?
- What will they do if someone makes them feel sad or uncomfortable?
- How can they use the internet for school projects?
- What policy do you have on them downloading software?
- What rules do you have about passwords?
- Who can they share personal information with?
- What do you consider personal information?
- Whose files are they allowed to alter?
- Where do you stand on plagiarism? How do you define plagiarism?
- What is your policy on talking to strangers?
- How many Facebook friends are you allowed to have?
- How many accounts can your child have?
- Where do you stand on the use of proxys?
- How many mobile phones can they have?
- What can they use their mobile for?
- Can your child have a mobile phone with a camera? If they can, what sort of photos can they take?
- Can your child use a webcam? When? For what purposes?
- Where are portable electronic filming devices NOT to be used?
- What photos is your child allowed to upload online?
- Where do you stand on "trolling" and "flaming"? (this is intentional online niggling to either derail debate or cause distress - to either strangers or friends)
- What will happen if your child breaches any of these rules?

- How do you expect your child to behave at school or at friends places?
- What are your responsibilities and commitments as the adult?
- How will you respond if a child reports something to you?

How will you respect their privacy?

REMEMBER THAT THE NUMBER ONE REASON TEENS DO NOT TELL PARENTS IS FEAR THAT THE TECHNOLOGY WILL BE REMOVED.

Important things to have considered in a technology contract with a child:

- I recognise that my computer and phone use is a privilege not a right.
- I am allowed to use computers for approved and educational purposes.
- I will only play games authorised by my parent/carer.
- I will not alter computer setting or damage computer equipment.
- I agree never to write or post anything online that would harass, insult, demean, hurt or offend someone.
- I will not bully anyone online or use anyone's password (including friends)
- I will not take nude or semi-nude photos of myself or others.
- I will not solicit or request nude or semi-nude photos from others.
- I will not distribute other people's photos without their consent.
- I will not share photos to shame or humiliate other people.
- I will not type profanity or otherwise offensive language.
- If I receive harassing messages I will report it to my carer/parent with the knowledge that I will not be punished for how others have behaved.
- I will use the internet to search only appropriate content.
- I agree not to download or install software, shareware, freeware or other files without obtaining permission from my parents.
- I will only save material in my personal folder.
- I will only alter my own files and documents.
- I will not plagiarise from friends or online documents.
- I will agree not to meet with anyone I have met online. I will immediately tell my carer/parent if someone asks me to do this.

- I will not pass out my address, phone number, birth date, school name (as well as school motto, school uniform description or any other identifying information). I will also not talk about any sporting teams I am in or other extra-curricular activities. I will not post my location/check-in/or say where I will be via Twitter or Facebook or any other social media.
- I will not share any passwords with anyone (other than my carer/ parent) including friends.
- I will not clear my computer's internet history.
- I will not use a proxy to attempt to access sites or other content which have been blocked.
- I will abide by my school's eSmart policy.
- I will not audiotape anyone without their knowledge and consent.
- I will not film, encourage the filming or stand by as others film violence.
- I will not join Facebook groups which harrass or partake in Facebook harassment by "liking" or commenting on mean, harassing or cruel material.
- I will not falsify my age online.
- I will not change agreed upon privacy settings without telling my carer/parent.
- I understand that my carers/parents want me to use technology and that technology is an important part of learning and socialising but that I am responsible for my actions.
- I am prepared to be held accountable for my actions and for loss of computer privileges if these policies are violated.

Everyone who interacts using technology should be mindful of their digital reputation.

Miss Kim Stone, Head of Senior School Students

From the Head of Staff and Students P-5

Thanks to the many parents who attended the athletics carnival on Tuesday to support their children, to act as officials and to man the canteen. Without your support, it would not be possible to run the carnival so successfully and efficiently. Thanks also to all the college staff who officiated and supervised the students during the carnival, particular thanks to Mr Hauser for co-ordinating the event and the HPE

and ground staff who were at the track early Tuesday morning setting up.

Safety

At Prep - Year 5 Assembly on Monday, I reminded students of the need to be safe travelling to and from school and what to do if they find themselves in an unexpected or difficult situation. This message was centred upon reminding students not to get into cars or go with strangers. There are numerous excellent resources available on-line (see below for examples) to support this important message of child safety.

http://www.danielmorcombe.com.au/foundation_red.html

<http://www.napcan.org.au/home>

<http://www.mychildsafety.net/stranger-danger.html>

It would be great for parents to discuss and re-enforce this important message with their children of all ages. The single most important thing to remember when teaching your children about stranger danger is to instill confidence, rather than fear.

Emotional Resilience

The development of Emotional Resilience in children is important. Emotional Resilience means knowing how to stop yourself getting extremely angry, down or worried when something "bad" happens. It means being able to calm down and feel better when you get very upset.

This week I would like to continue to share some strategies from the *You Can Do It* program which may help eliminate or help to balance the negative mindsets that detract from children developing resilience.

To Eliminate "I Can't Do It"

In order to combat this form of negative, pessimistic thinking, explain to your child that he/she has a choice in how to think about things that have happened and about things in the future. Explain that when something bad happens, such as getting a bad grade or being rejected or teased by a classmate, your child can think negative thoughts or positive thoughts.

- Examples of negative "I Can't Do It" thoughts: "I can't do this. No one likes me. I'm not good at anything. It's all my fault. Things will never change. I'll always be hopeless with friends / in my work".
- Examples of positive "I Can Do It" thoughts: "Next time things will be different. Maybe I did not try hard enough or behaved stupidly. I know that if I do things differently,

including trying harder, the next time I am more likely to be successful than to fail”.

Explain to your child that an “I Can’t Do It” type of thinking leads him/her to feeling very down when bad things happen and can cause him/her to stop trying and withdraw.

Other suggestions for eliminating a child’s negative type of thinking called “I Can’t Do It” including the following:

- Encourage your child when faced with difficult work to think of the last time he/she was successful at doing something he/she did not think he/she could do. Then, encourage your child to think: “I did it before, I can do it again.”
- Evaluate your child’s progress based on the amount he/she has learned rather than comparisons with other children.
- Praise your child at those times when he/she continues working towards achieving goals / finishing work after experiencing difficulty or setbacks.
- Remind your child before commencing a difficult task of eliminating from his/her thinking the “I Can’t Do It” type of thinking and developing the mindset that “I will probably be successful”.
- Model for your child the two types of thinking about doing something difficult. For example, you could say “Now I have to learn more about how to use a computer. I can think: “I’m hopeless at doing these things. I’ll probably never learn it” or “If I try my best, I’ll probably be successful”. You should discuss the different impact these two types of thinking will have on your feelings and motivation to learn about computers.

Mr David Druery, Head of Staff and Students P-5

Middle / Senior College Office

The Middle / Senior College office is now up and running and all enquiries are to be made directly through 5436 7315.

We have a beautiful watch and sports head gear in L Block admin as lost property.

Food for Thought

Connect With Your Family One Meal at a Time

Families come in all shapes and sizes: Couples with and without children, single parents and multiple generations under one roof. No matter what your family make up is, where you live, or what you have for dinner, the benefits of family dinners are enormous. A number of studies have found the family dinner is an important part of healthy living.

<http://www.naturalhealthstrategies.com/benefits-of-family-meals.html>

Mrs Annie Williams, School Counsellor

Friends of Pacific

On behalf of the Pacific Lutheran Community, Friends of Pacific Executive and Committee, I would like to take the opportunity to openly thank Mrs Louise Broad for the time and

dedication she has spent to date associated with, and most recently, in the position of Secretary of Friends of Pacific.

Louise has recently decided to step down from the position of Secretary.

Many of you would be very aware of the time and commitment Louise has given to Friends of Pacific over the years and know her for her friendly smile and welcoming ways.

Fortunately we will still see much of Louise at school events.

We are also very fortunate that Mrs Kath Barry has been nominated for and accepted the position of Secretary for the remainder of the year. Kath brings with her a wealth of expertise and we look forward to working with her on the committee.

The next Friends of Pacific meeting will be on Tuesday, 18th June at 7.00pm in the library.

We welcome all attendees, or if you have any items for the agenda please email fop@paciluth.qld.edu.au.

Mrs Tracey Hindmarsh, Chairperson Friends of Pacific

Voices on the Coast

Last Tuesday, 28 students in Years 5-7 attended the Voices on the Coast Literature Festival at the University of the Sunshine Coast. Students had a very enjoyable and interesting day listening to authors such as Charlie Carter, Kate Constable and Phillip Gwynne, learning drawing techniques from illustrators such as Roland Harvey, and discovering the works of Shakespeare in a theatre production of Tragic Magic. As well, students had a taste of university life, sitting in lecture theatres and visiting the university bookshops and cafeterias.

Ms Narelle Keen, Teacher Librarian

Maths Moment

Puzzle of the Week

Well done to the following students for solving last week's puzzle:

Year 10: Mitchell Jones

Year 9: Joel Fletcher, Hudson Sawyer

Year 8: Ji Flynn

Year 4: Chloe Fleming, Eliza Woods, Sebastian Sorrell, Caitlin Barry

Year 3: Charlotte Clifton

The solution to last week's puzzle is \$10.

This Week's Puzzle

Code Breaker (Junior College)

Code Breaker

A code is a way of writing a message in secret. Each letter of the alphabet is replaced by a number. Use the de-coder to find out what it says.

The De-Coder:

A	B	C	D	E	F	G	H
1	2	3	4	5	6	7	8
I	J	K	L	M	N	O	P
9	10	11	12	13	14	15	16
Q	R	S	T	U	V	W	X
17	18	19	20	21	22	23	24
Y	Z						
25	26						

So, if I want to write "hello" I would write 8 for H, 5 for E, 12 for L and 12 for L again and then 15 for O.

My code would be 8 5 12 12 15.

Now, try and work out what this message says:

9		1	13	
---	--	---	----	--

2	18	9	12	12	9	1	14	20
---	----	---	----	----	---	---	----	----

1	20		13	1	20	8	19
---	----	--	----	---	----	---	----

(email in your solution IN CODE to jsteven@pacluth.qld.edu.au)

Maths Tutoring

There will be no more tutoring until the beginning of Term 3. Well done to everyone who made good use of this opportunity to enhance their mathematical skills.

Maths Competitions

There are two competitions next term, the Australian Maths and the ICAS Maths. All students from Years 3 to 10 as well as Year 11/12 Maths B students participate in the ICAS Maths competition. The date for the ICAS Maths will be during their Maths lesson prior to 13th August. A selection of students from Years 3 to 12 will be nominated to participate in the Australian Maths Competition. The date for this one is Thursday, 1st August. Practice booklets will be available from Week 10 of this term.

If you have any queries about any of the above, please contact me at the college or email jsteven@pacluth.qld.edu.au.

Mrs Jasmin Steven, Head of Mathematics (Years 6-12)

Careers Department News

1. BOND UNIVERSITY SCHOLARSHIPS

Current Year 12 students, who may be considering Tertiary study at Bond University in 2014, are advised that applications for scholarships close on Wednesday, 31st July.

Applications must be completed online at www.bond.edu.au/apply

Students are required to attach a copy of their Year 11 (Semester 1 and 2) and Year 12 (Semester 1) school reports, a summary of achievements and a personal statement for each scholarship for which they choose to apply.

Information about the scholarships is available at www.bond.edu.au/scholarships

2. RSL YOUTH DEVELOPMENT PROGRAM

The RSL Youth Development program offers students the opportunity to apply for their share in over \$500,000 worth of grants in recognition of their academic, community and sporting achievements. Students will be awarded with grants of \$2,500 with the top ten percent of applicants receiving grants of \$5,000.

Current Year 10 and 11 students from across Queensland are eligible to apply, and must complete an online application form at www.RSLyouth.com.au.

Applications remain open until 11th November 2013.

For further information on the program, visit www.RSLyouth.com.au.

3. UNIVERSITY OF QUEENSLAND MUSIC AUDITIONS
Current Year 12 students intending to apply to study Music at the University of Queensland in 2103, are advised that the auditions will take place on the weekend of Saturday, 21st and Sunday, 22nd September and Saturday, 5th October 2013.

Students must apply online for an audition by Monday, 12th August. Students must also complete a QTAC application by Friday, 27th September 2013.

More information is available on the UQ Music School web page: <http://www.uq.edu.au/music/>

4. UNIVERSITY HOLIDAY CAMPUS TOURS

Many of the universities conduct guided tours of their campuses during the June and September school holidays.

This is an excellent opportunity for students from Years 10 to 12 to visit the campus, see the facilities and find out about their student services and study programs. Bookings are essential.

Please visit the individual university website for further details.

5. QUT BRIDGING COURSES

QUT offers bridging courses in Maths B, Chemistry and Physics through their Continuing Education Unit. These programs provide students with the assumed knowledge in these subjects for QUT courses and may meet pre-requisite subject requirements for other institutions.

Maths B is suitable for students planning to study Business, Engineering, Science and many other courses.

It is offered in Semesters 1 and 2 and in summer semester with both day and evening classes.

Registration for the Semester 2 classes (Tuesday, 23rd July to Thursday, 31st October) closes Tuesday, 9th July.

Chemistry is suitable for students who want to obtain assumed knowledge in Senior Chemistry for university entry or to update their chemistry knowledge. Students must have studied Pre-Maths B in Year 10 or concurrent enrolment in the Maths B bridging course.

Classes in Semester 2 are held from Wednesday, 3rd July to Wednesday, 23rd October.

Registration for Chemistry closes on Tuesday, 18th June.

Physics is offered as an online course comprising of directed notes, worked problems and tutorials. The

course is self-paced with an assigned tutor and is suitable for students who require senior level Physics for tertiary study or who wish to extend their understanding of Physics.

Students can enrol at any time and have six months to complete the course. Pre-requisites for this are Pre-Maths B or concurrent enrolment in the Maths B bridging course.

For more information or to register for any of these courses, visit www.qut.edu.au/continuing-professional-education.

Mrs Ainslie Reid, Careers Counsellor

Music News

Congratulation to Sophia La Selva for receiving a A Honours for her Grade 6 AMEB piano exam. We also had AMEB vocal exams in the new music block last weekend. Thanks to Mr King and his faithful helpers.

Due to the Year 10 camp, Mr Simpfendorfer will be unavailable from Monday until the end of the holidays. Any music enquires need to go to Mr King, Monday-Wednesday on 5436 7324, or aking@pacluth.qld.edu.au. Any queries outside of these times can be directed to Miss Morton amorton@pacluth.qld.edu.au.

Parents wishing to enrol their child in the instrumental music program for Semester 2, can obtain a form from the front office.

Mr David Simpfendorfer, Head of Music

Sports News

SECONDARY SPORT

Regional Sport Selection

Congratulations to the following students for selection in regional sports teams:

15 Boys Rugby	William Lockley and Daniel Reidy
15 Boys Soccer	Ollie Colam
Open Boys Soccer	Danyon Bell
Open Girls Soccer	Caitlin Gilliman

Open Girls Surfing Caitlin Gilliman

An outstanding effort and all the best at the state championships.

Mr Graves, Head of Sport

Friday Night Basketball

Next term marks the start of the Secondary Schools Basketball Competition. I have had a lot of interest from students regarding their participation in this competition which is run on Friday nights throughout Term 3 and the beginning of Term 4. It is open to all students in Years 7-12 who would like to join the school team. Any students, who would like to participate, must return a consent form to Mr Hauser by Tuesday of next week. Please see Mr Hauser if you have any questions.

3 on 3 Basketball for Year 8-12 Students

On the first Friday of next term, we will be running a 3 on 3 basketball tournament for students in Years 8-12. Anyone who is interested in forming a team (max four people per team) must nominate by the end of next week. Team nominations can be submitted at the S block staffroom. Teams can be mixed or segregated and will cater for a range of basketball abilities (new or experienced). All teams must have a team uniform. There will be trophies for winning teams.

Mr Mark Hauser, Head of Junior Sport

JUNIOR SPORT

Year 3 - 7 Athletics Carnival

Congratulations to all who attended the Year 3-7 Interhouse Athletics Carnival on Tuesday. It was a great day with perfect carnival conditions. It was great to see all athletes participating at such a high level and with such enthusiasm. The school team is looking good for our District and Lutheran carnivals next term. A big thank you to all the parent helpers for giving up their time to help on the day, the staff who were so efficient and professional and the Friends of Pacific for running the BBQ. It really makes the day a lot easier to run.

The overall points on the day were:

1 st	Wira	1,230
2 nd	Mumba	1,137
3 rd	Bula	1,111

Congratulations to the following age champions in each year level:

		BOYS	GIRLS
8 years	1 st 2 nd 3 rd	Noah Lynch Tom Chapman Bailey McDonald & William Swindles	Eliza Bryan Annika Fawke Emma McEvoy
9 years	1 st 2 nd 3 rd	Jason Wulff Sebastian Salta Harry McLaughlin-Phillips	Jayda Lowe Courtney Page Eliza Woods
10 years	1 st 2 nd 3 rd	Wyle Hill Billy Hocken Nathan Davis	Caitlyn Whincop Lili Clifton Kassidy McAuliffe
11 years	1 st 2 nd 3 rd	Sam Aitken Jye Gallagher Toran Broome	Brooklyn Graves Emma Woods Georgia Harle
12 years	1 st 2 nd 3 rd	Jayden Green Ethan Clark Mackenar Bradfield & Lachlan Aldous	Tamika Cheney Molly Hill Leonie Copley & Xsara Little
13 years	1 st 2 nd 3 rd	Ethan Hall Connor Robertson Zion Martin	Emma McKean Laura Hughes

A magnificent effort to all of our record breakers this year! A truly fantastic effort!

Jason Wulff	9 year boys	Discus, Shot Put, High Jump
Brooklyn Graves	11 year girls	200m
Caitlyn Whincop	10 year girls	Long Jump
Kye Evans	10 year boys	High Jump
Jayden Green	12 year boys	High Jump

Mr Mark Hauser, Head of Junior Sport

Cross Country

Harry Greenland, battling illness, ran a personal best. He was placed 1st and qualified to represent the Sunshine Coast region to run in the 14 years Athlete With Disability (AWD) event at the Queensland Cross Country State Titles.

Sophie Larsen came 3rd in her U16 age group. She ran very well considering her poor health at the moment. This will be her 6th consecutive year of representing the Sunshine Coast region in Cross Country.

This year, the State Cross Country event is on Sunday, 21st and Monday, 22nd July in Bundaberg.

Congratulations to both these Pacific athletes and good luck for the State Titles.

Mr Parrish MacLeod

Pacific Soccer Update

Round 10 - 1st June

The wet weather last weekend prevented a few games going ahead, although most of our Pacific teams were lucky to have a game. The photographers were also away, so we have provided some of the action from Round 8 instead.

In the competitive teams, the fields at Stella Maris and Sienna were closed due to wet weather, so U11 Tigerheads and U13 Marlins could not complete their Round 10 game. The

players can look forward to an evening match later in the season, on a date to be advised.

U12 Barracudas had a 5 -1 win against Buddina Marlins, and U16/17 Jets won 6 - 2 against Caloundra Black. U13 Seahorses scored a great goal against the table-leading Palmwoods Titans, although they ultimately were beaten on the scoreboard.

Thank You from Pacific Soccer

We would like to welcome Mr Craig Abraham and Mr Robbie Anderson who have taken over the role as coaches of the U13 Seahorses for the remainder of this season, with Nicky McAleer continuing as the manager. Thank you Craig,

Robbie and Nicky for offering your valuable time, which is greatly appreciated by the entire team.

Thank you also to Jarrod Rodios, who coached the Seahorses in the first half of the season, in addition to his other coaching commitments with the U16/17 Jets. Jets players Ollie Colam, Bailey Hockham and Tim Aitken have also assisted with the coaching and deserve recognition for their tremendous contribution to the team.

Managers Are You Missing Players for a Game?

For Rooball teams (U6-U10), substitute players are allowed to fill in from another team to allow numbers to be made up, if the following guidelines are followed:

- A substitute player can play “across”, from another team in the same age group.
- A substitute player can play “up”, from another team one age division below.
- If necessary, a team can play with fewer players on the field. However, it is also common for a player to be borrowed from the opposing team for the match, to avoid any unreasonable imbalance between the teams.

In the competitive teams (U11+), substitution of players must be more carefully done, as follows:

- Substitute players CANNOT play “across”, from another team in the same age group.
- A substitute player can play “up”, from another team one age division below. The age group of the substitute player should be noted on the team sheet.

Mid-week Evening Catch-up Games

U12 Barracudas’ catch-up game from 4th June has been delayed due to the State Titles and the revised date for this match will be advised shortly.

U11 Tigerheads and U13 Marlins will also have an evening catch-up game from Round 10 and the date of these games will also be confirmed at a later date.

Team Photos

Remember that our team photos will be taken next week, on each team’s training day, from Wednesday 12th June to Friday 14th June.

Wednesday, 12th June:

- U8 Taipans 3.15 - 3.30pm
- U8 Pythons 3.30 - 3.45pm
- U9 Snappers 3.45 - 4.00pm
- U10 Dolphins 4.00 - 4.15pm

Thursday, 13th June:

- U6 Seals 3.15 - 3.30pm

- U7 Orcas 3.30 - 3.45pm
- U7 Eels 3.45 - 4.00pm
- U8 Cobras 4.00 - 4.15pm
- U13B Seahorses 4.30 - 4.45pm

Friday, 14th June:

- U9 Sharks 3.00 - 3.15pm
- U6 Swordfish 3.15 - 3.30pm
- U6 Stingrays 3.30 - 3.45pm
- U11 Tigerheads 3.45 - 4.00pm
- U12 Barracudas 4.00 - 4.15pm
- U13 Marlins 4.15 - 4.30pm
- U16/17 Jets 4.30 - 4.45pm

Round 11 - 15th June

This weekend, the State Titles are being played at Stockland Park, Kawana Waters, and therefore no regular games will be played. Round 11 will recommence on 15th June, with a home game at Pacific.

Next Home Games - 15th and 22nd June

With home games coming up on 15th and 22nd June, we would appreciate the assistance of anyone who would be able to do some baking for our home games and

perhaps whip up some muffins, biscuits or small cakes.

Baking is sold through the canteen and is enjoyed by our teams and their families, and our visiting teams. Home-made baking is especially valued in our canteen, because of the extra effort which is involved, and because of the natural goodness which comes from home-baked snacks. Please contact Mark Christensen if you are able to assist, or if you have any queries.

Recycle Old Mobiles and Help a Worthy Cause

The program to collect and recycle old mobile phones has been extended, and the collection box will remain at the Main Admin during July and August. Please support this program to raise money for research into childhood cancer, and help our environment. Remember remove the SIM card and delete personal information.

Thank you everyone for the support you have provided for Pacific Soccer this season. For more information regarding our teams, our games, or the club, please do not hesitate to contact us.

Mr Ian Barnes, President

Did You Know?

"Zorro" is Spanish for "fox".

Tuckshop News

The Tuckshop Menu is available from the college website.

Term 2, Week 9 Roster:

	All Day (8.30am – 1.30pm)	8.30am - 11.00am	12.30pm - 1.30pm
Monday 10/6/13	Queen's	Birthday	Holiday
Tuesday 11/6/13			
Wednesday 12/6/13			Melissa Pollack
Thursday 13/6/13			J McLaughlin- Phillips
Friday 14/6/13		Larissa Whincop	

Are you able to help out for an hour or two in the tuckshop? We are DESPERATE for helpers at the moment as some of our regular volunteers are now working or are busy having babies.

Don't forget you can order on-line!! Please look at our website for more information.

Mrs Carrie Dickson, Tuckshop Convenor

Uniform Shop

The Uniform Shop is open every:

Wednesday 8.00am to 9.30am
 Thursday 8.00am to 9.30am
 Friday 8.00am to 9.30am

Now that the cold weather has arrived, we have plenty of jumpers, track tops and track pants available. We also have a school scarf available for \$25.50 that is soft, cosy and warm.

On line ordering is now available. Go to the college website and click on the link or go to www.flexischools.com.au and then find your school.

Orders will be delivered to your child's class room.

Mrs Donna Hollindale, Uniform Shop Coordinator

We are currently finalising prizes for the OceanFest raffle. Some of the great prizes donated so far include a mountain bike and a digital camera. If you or your company would be interested in donating a prize please contact Melissa Pollack on 0417677034

There are still fantastic sponsorship opportunities available for the festival. If you know anyone whose business would benefit please contact Michelle Timperley on 0423 216 779

Children's Services Chit Chat for Certificate III in Children's Services and Diploma of Children's Services at Sunshine Coast TAFE

Are you considering a career in Children's Services?

Sunshine Coast TAFE offers both a Certificate III and a Diploma qualification in Children's Services. Join us for our information night where teachers will be on hand to explain career pathways, enrolment processes, study modes and course expectations. There will be an opportunity to speak with the teachers who will deliver the course, via face to face and flexible delivery.

Date: Wednesday 26 June, 2013
Time: 5.30pm – 6.30pm
Location: Sunshine Coast TAFE
Mooloolaba campus
Lecture Theatre
34 Lady Musgrave Drive,
Mountain Creek

For further information or to register your interest please email Susan Bateup at Susan.Bateup@tafe.qld.edu.au
